Thekkanath Souparnika Venue Management System

Beginner-Friendly Executive Guide for Business Owners, Partners & Operations Staff

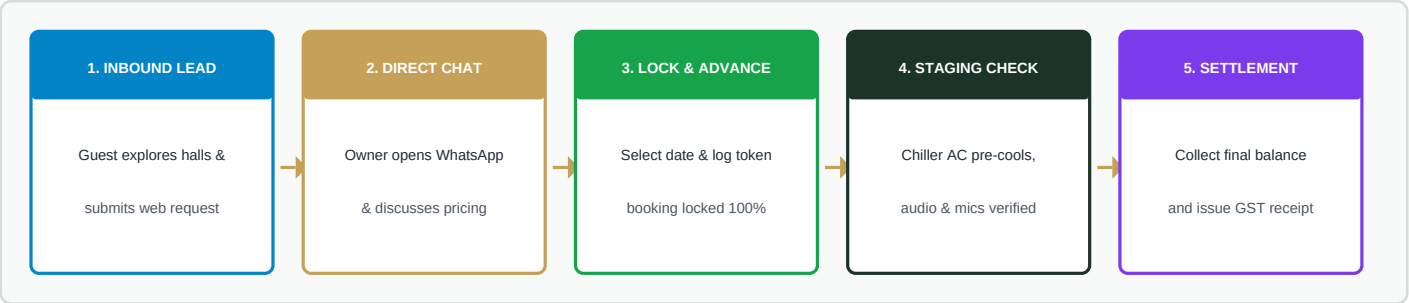

WELCOME TO YOUR AUDITORIUM MANAGEMENT SYSTEM

This web software has been tailored specifically for **Thekkanath Souparnika** (Nellikunnu, Thrissur). It replaces handwritten paper registers, prevents embarrassing double-bookings, tracks every rupee of guest advance payments, and lets prospective hosts in Kerala submit booking inquiries 24/7 with zero commission middlemen.

You do not need any coding or technical knowledge to manage your venue. Everything can be operated from any laptop, tablet, or smartphone.

The Complete 5-Stage Venue Booking Lifecycle

Every wedding, reception, or corporate seminar moves through these 5 simple steps:

Key Business Advantages for Venue Owners

Feature	How It Works for You	Business Benefit
0% Booking Commission	Guests enquire and pay directly to your venue bank account or counter QR code.	**Save Rs. 15,000–Rs. 40,000** per wedding compared to third-party aggregator portals.
Atomic Conflict Lock	Automatic algorithm prevents double-booking the same hall on the same date/time.	**Zero accidental overlaps**—peace of mind even when multiple family members take calls.
Dynamic UPI Counter QR	Displays instantaneous payment QR on venue screen for walk-in deposits.	**0% bank gateway MDR fees**; money clears straight into your HDFC current account.
Grounded AI Assistant	Ask questions in plain English: 'What are my bookings this week?'	Get immediate answers, ledger calculations, and drafted WhatsApp messages in seconds.

[HOW IT WORKS] Quick Web Links

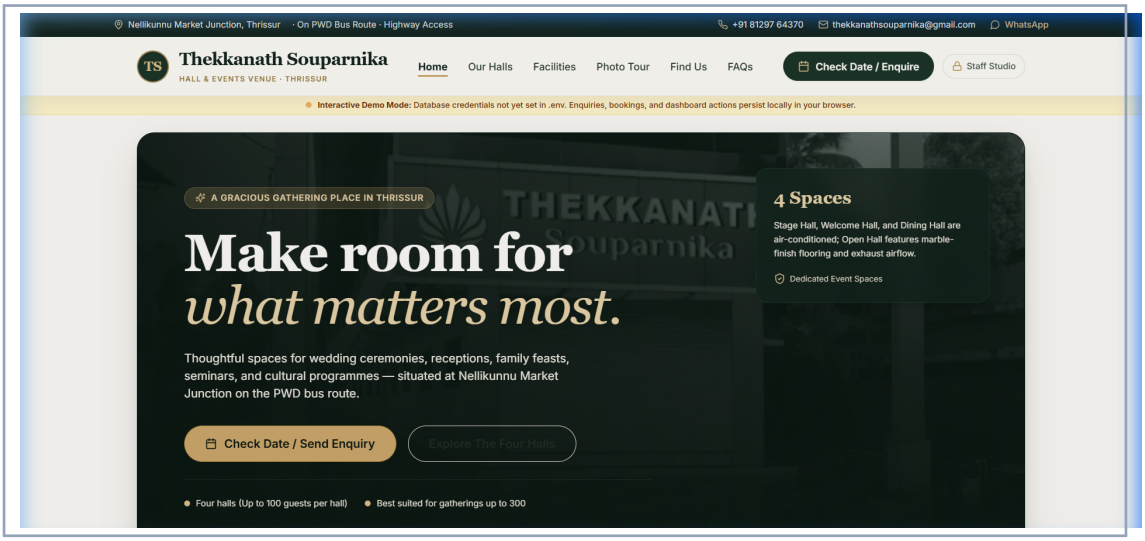

Public Website: http://localhost:5173/ | Management Dashboard: http://localhost:5173/admin | Works in Google Chrome on any PC, Android phone, iPhone, or iPad.

Chapter 1: The Public Website (Customer Experience)

What Guests See When Searching for Thekkanath Souparnika Online

1. Public Homepage & Transparent Venue Showcase

Your public portal gives potential clients a polished first impression. Over 80% of Kerala wedding inquiries originate from mobile phones:

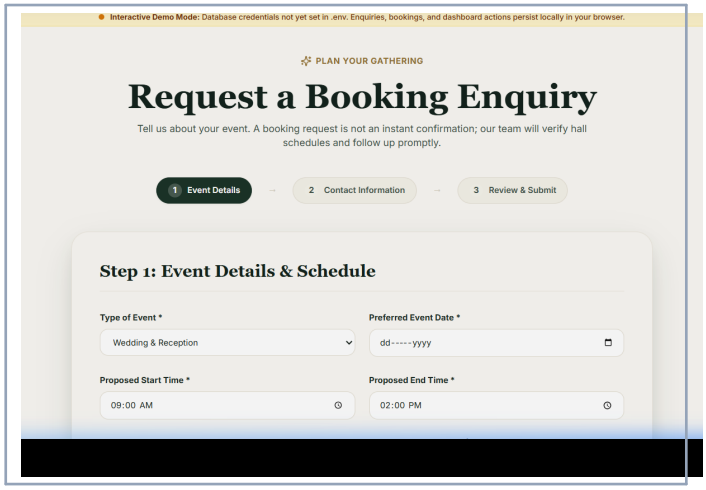

[1] Instant WhatsApp Connect: Button in top header connects guests directly to management WhatsApp without typing phone numbers.

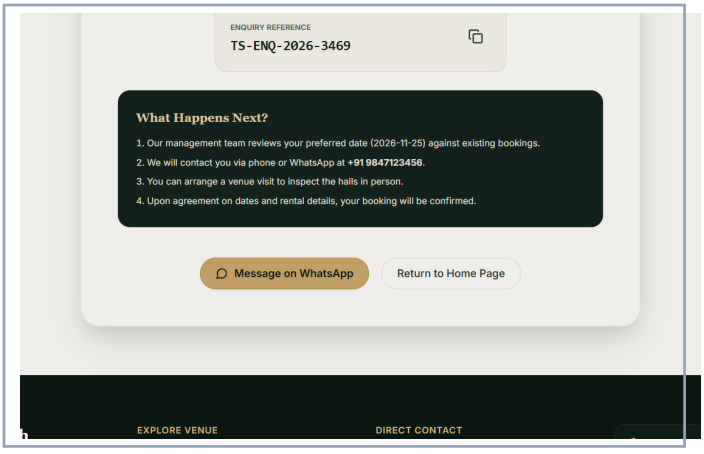

[2] Real Capacity Stats: Shows 1200+ floating capacity, 40-50 car parking on PWD road, and Rs. 0 booking fees.

[3] Interactive Hall Explorer: Guests toggle between Stage Hall (Ground Floor AC), Welcome Hall, Dining Hall, and Open Hall Terrace.

2. The 3-Step Online Enquiry Wizard

When guests click 'Enquire Now', a friendly 3-step wizard collects their exact event requirements:

LEFT: Step 1 (Event Details)
Host selects Event Type (Wedding, Reception, Seminar), desired Date, preferred Hall, and expected Guest Count (up to 300).

RIGHT: Step 3 (Instant Reference)
System issues unique Reference Code (e.g. TS-2026-ENQ-9182). The lead immediately appears in your Admin Inquiries board!

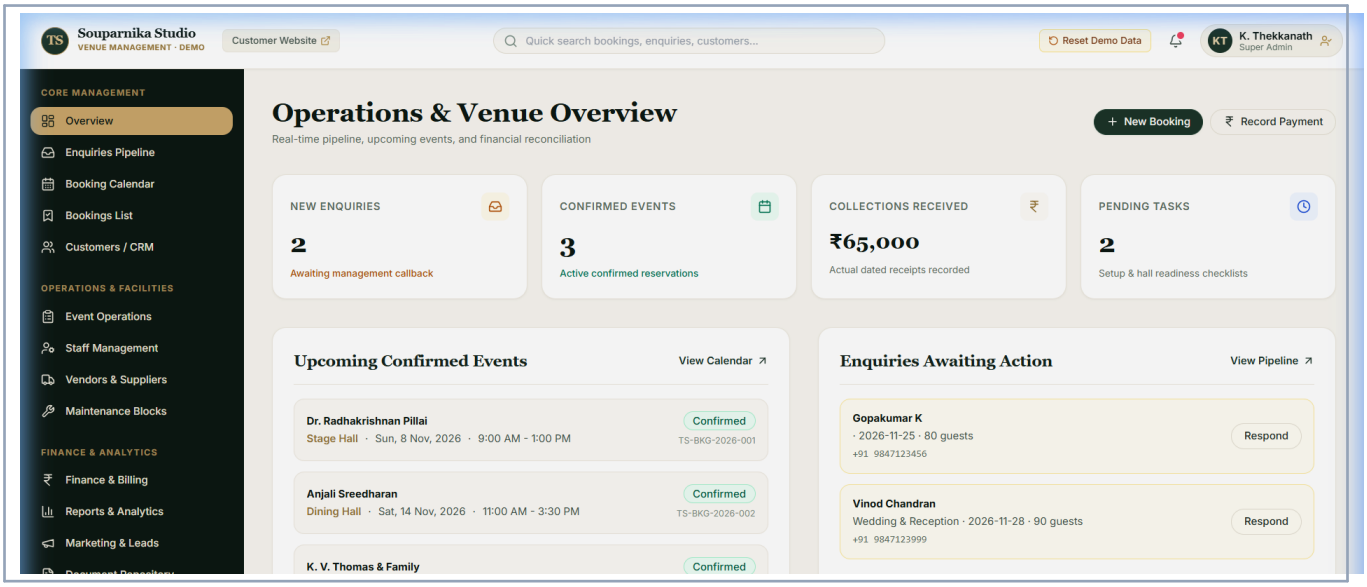

[PRO TIP FOR OWNERS] Automatic Lead Generation
You never have to manually retype website inquiries. Every submission lands directly in **/admin/enquiries** with the host's phone number ready for a 1-tap WhatsApp chat!

Chapter 2: Daily Operations Command Center

Understanding the Overview Dashboard, Morning Metrics & Staff Permissions

1. The Admin Overview Dashboard (/admin)

This is your daily morning command center. Open this screen every morning to inspect occupancy, revenue, and pending tasks:

[1] KPI Metric Cards: Shows Total Collected Revenue, Active Confirmed Events, Open Inquiries requiring attention, and Monthly Hall Occupancy.

[2] Quick Action Bar: 1-click buttons to create a **New Booking** (when taking reservations over phone) or **Log an Expense** (cash payouts).

[3] Revenue & Hall Utilization Charts: Visual bar graphs showing which halls are earning the most revenue this season.

[4] Upcoming Events Timeline: Shows events scheduled for today, tomorrow, and this weekend with host contact numbers.

2. Staff Role Switcher & Security Permissions

To ensure operational security, staff members only see the tools relevant to their job duties:

Role Title	Allowed Permissions & Actions	Best Assigned To
Super Admin	Full access: All bookings, finance ledgers, tax settings, staff management, and audit logs.	Venue Proprietor / Managing Partner
Booking Manager	Customer inquiries pipeline, creating bookings, taking advances, checking calendar availability.	Front Office Manager / Receptionist
Operations Manager	Event staging checklists, AC pre-cooling, audio check, cleaning logs, maintenance blackout creation.	Hall Supervisor / Staging Coordinator
Accounts Officer	Recording advance payments, counter cash collections, operational expense logging, CSV tax exports.	Accountant / Cashier

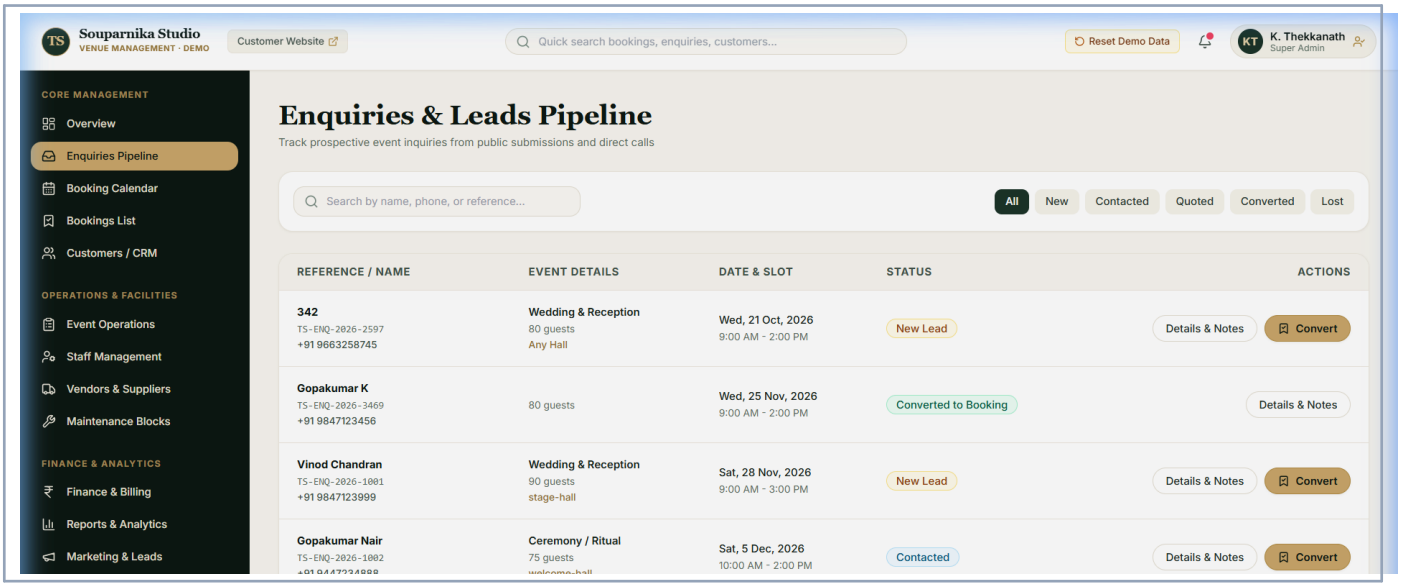

[HOW IT WORKS] Switching Roles for Testing
Click your profile avatar in the bottom-left sidebar of /admin to test the screen as a Booking Manager or Operations Supervisor anytime!

Chapter 3: Managing Inbound Leads & Enquiries

How to Review Inquiries, Chat on WhatsApp & Convert Prospects into Bookings

1. The Inquiries Pipeline (/admin/enquiries)

Every inquiry submitted online or noted by phone appears here in real time. Follow this pipeline to convert leads:

2. Simple 4-Step Lead Conversion Workflow

Step 1: Check the 'New' Filter
Click **Enquiries** in the left sidebar. Inquiries with yellow **'New'** badges are prospective hosts waiting for your response. Check this twice daily (9:00 AM and 3:00 PM).

Step 2: 1-Click WhatsApp Follow-Up
Tap the green **WhatsApp** icon directly on the card. WhatsApp Web or your phone app will open with a polite, pre-formatted message introducing Thekkanath Souparnika and confirming their requested date.

Step 3: Record Visit & Customer Notes
When the bride or groom's parents visit the hall to inspect stage lighting and parking, open their card and type notes (e.g., *'Family visited; agreed on Stage Hall + Dining Hall; requested 200 chairs'*).

Step 4: 1-Click 'Convert to Booking'
Once the client confirms, simply click the green **'Convert to Booking'** button. The system transfers the customer's name, phone, chosen hall, and event date straight into the reservation engine—zero retyping required!

Badge	Meaning	What Action You Should Take
NEW	Fresh inquiry submitted by guest.	Call or send WhatsApp within 2 hours.
CONTACTED	Staff have spoken with the family.	Invite them for venue walkthrough.
CONVERTED	Host paid advance deposit.	Converted to official confirmed booking.
ARCHIVED	Host cancelled or booked elsewhere.	Retained in system for future marketing.

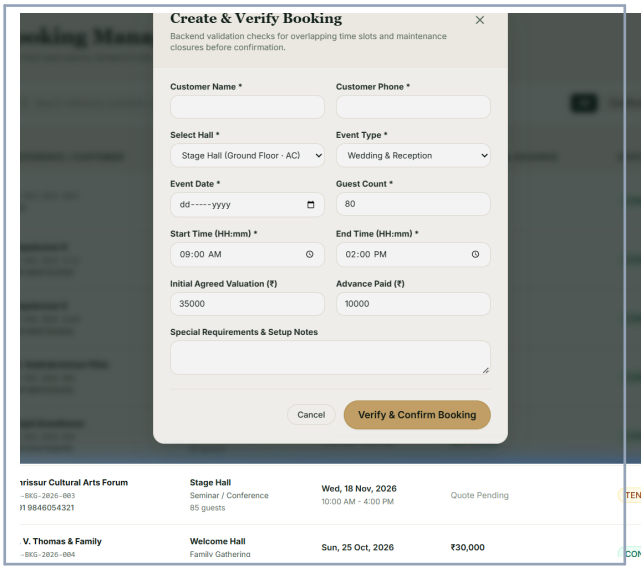

[PRO TIP FOR OWNERS] Lead Response Speed
Statistics show that wedding inquiries responded to within **30 minutes** are **4 times more likely** to book. Use the 1-click WhatsApp button for swift, personal replies!

Chapter 4: The Booking Engine & Conflict Safeguard

How to Take Phone Reservations in 60 Seconds with Zero Double-Bookings

1. Taking a Phone Reservation in 60 Seconds

When a customer calls your office or visits in person, click the **'New Booking'** button to open the booking dialog:

HOW TO FILL THE FORM:

1. Customer Name & Phone:
Type the primary host's full name and WhatsApp mobile number.

2. Select Hall:
Choose Stage Hall (AC), Welcome Hall, Dining Hall, or Open Hall Terrace.

3. Event Date & Slot:
Select the date and pick the time window (e.g. 09:00 AM – 02:00 PM).

4. Total Agreed Amount & Advance:
Type total rental fee (e.g. Rs. 35,000) and token advance paid (e.g. Rs. 10,000).

5. Click 'Verify & Confirm Booking':
The system runs an instant conflict check and creates the official reservation!

2. The Atomic Conflict Prevention Safeguard

What happens if two staff members attempt to book Stage Hall for the same date at the exact same moment?

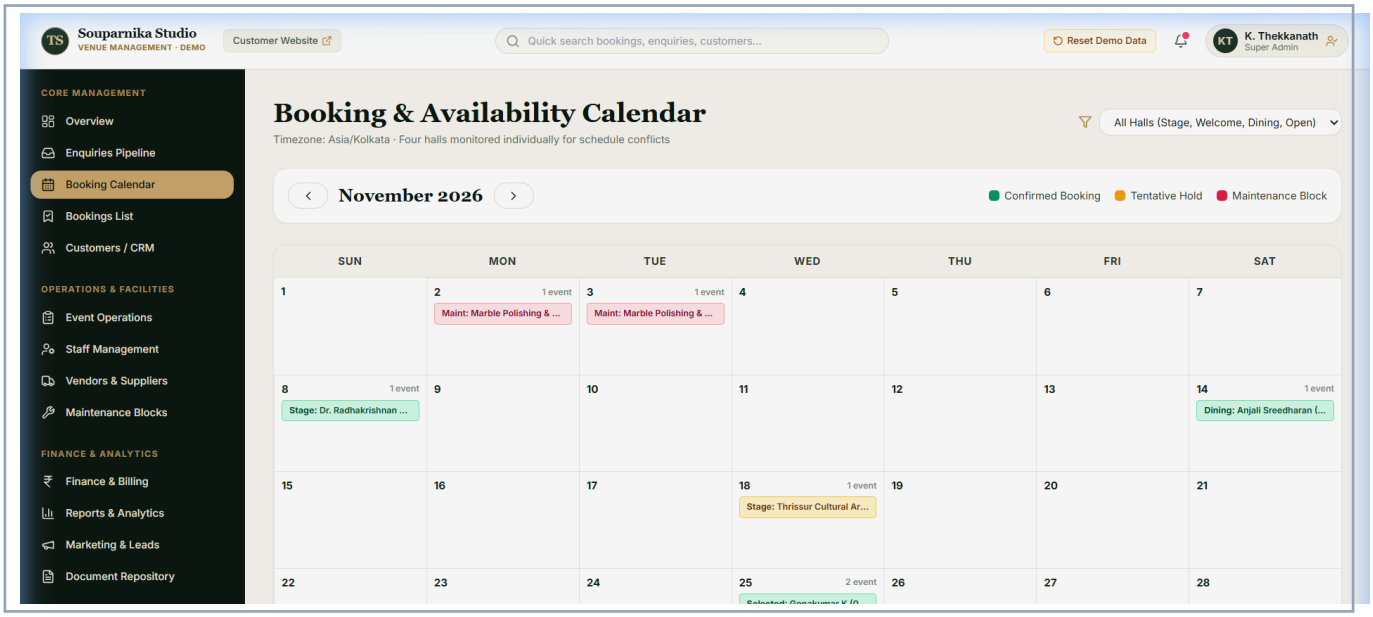

[IMPORTANT SAFEGUARD] Tentative Holds for Astrological Timings
Kerala families often need 24–48 hours to confirm auspicious Muhurtham timings with their astrologer. Create a booking with status **'Tentative Hold'**. The system holds the date and sends an alert before release!

Chapter 5: Visual Calendar & Space Availability

Color-Coded Month & Week View: Checking Available Dates in 5 Seconds

1. The Monthly Calendar View (/admin/calendar)

When prospective clients call asking 'Is Stage Hall available on November 15?', use the calendar for immediate visual verification:

[1] Hall Filter Dropdown: Filter by All Halls, or isolate Stage Hall, Welcome Hall, Dining Hall, or Open Hall Terrace.

[2] Color-Coded Event Pills: Green indicates Confirmed Booking; Gold indicates Tentative Hold; Red indicates Maintenance Closure.

[3] Event Quick-Inspection: Click any event pill to view customer name, phone number, balance due, and catering notes.

[4] Date Navigation: Fast-forward to peak wedding seasons (Chingam, Dhanu, Medam) with single clicks.

2. Color-Coding Reference Guide

Color Pill	Status Name	Operational Meaning & Availability
■ GREEN	**Confirmed Booking**	Advance paid, date firmly locked. Hall is completely unavailable for other bookings.
■ GOLD	**Tentative Hold**	Temporary 48-hour reservation awaiting token payment. Can be released if client cancels.
■ RED	**Maintenance Blackout**	Hall closed for marble polishing, painting, or AC servicing. Cannot be booked.
■ WHITE / CLEAR	**Open Available Date**	Space is 100% available for reservation. Safe to quote standard pricing.

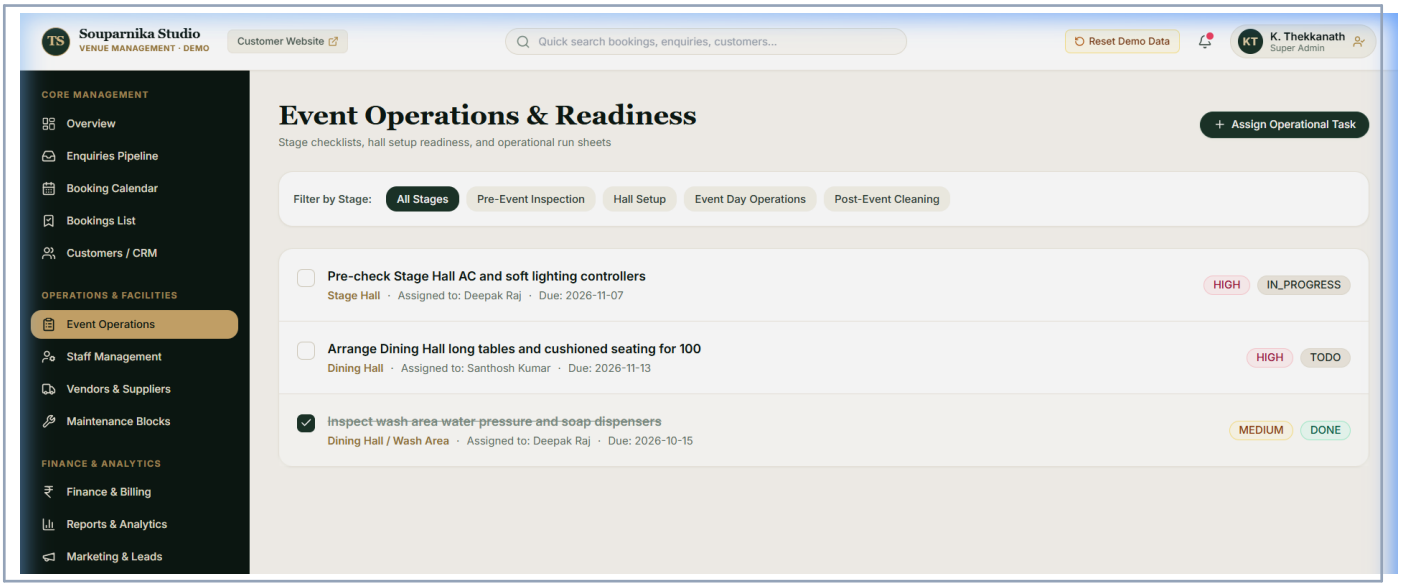

[PRO TIP FOR OWNERS] Filtering by Hall
Always select a specific hall from the filter when a client asks about availability. Multiple events can run simultaneously in different halls (e.g. Stage Hall wedding while Welcome Hall hosts a reception)!

Chapter 6: Event Staging & Maintenance Protocols

Delivering 5-Star Hospitality: Pre-Event Checklist & Maintenance Closures

1. Event Operations & Staging Checklists (/admin/operations)

Flawless execution requires disciplined preparation. Your operations team follows this digital checklist for every function:

2. Time-Critical Event Preparation Protocol

Countdown	Required Action Item	Responsible Staff	Check Item
T - 2 Hours	**Sound & PA System Verification:** Test wireless microphones, replace AA batteries, check podium acoustic levels.	AV Technician	[ ] Done
T - 1 Hour	**AC Pre-Cooling Activation:** Switch on Stage Hall central AC chillers to bring hall to 22°C before guest arrival.	HVAC Supervisor	[ ] Done
T - 30 Mins	**Dressing Rooms & Generator:** Unlock VIP bride/groom suites; verify standby diesel generator fuel level.	Operations Manager	[ ] Done
Post-Event	**Dining & Sanitation:** Clear banquet tables, sanitize handwash stations, inspect hall for forgotten guest items.	Cleaning Supervisor	[ ] Done

3. Scheduled Maintenance Blackouts (/admin/maintenance)

When scheduling annual floor polishing, electrical revamping, or repainting, navigate to **Maintenance** and click **'New Blackout Block'**:

1. Pick Hall: Select which specific space is being closed (e.g. Open Hall Terrace).
2. Set Start & End Dates: The conflict engine immediately blocks those dates from staff bookings and public web inquiries.
3. Reason & Contractor: Note the vendor performing the work (e.g. *'Marble floor crystalline polishing — Thrissur Floors'*).

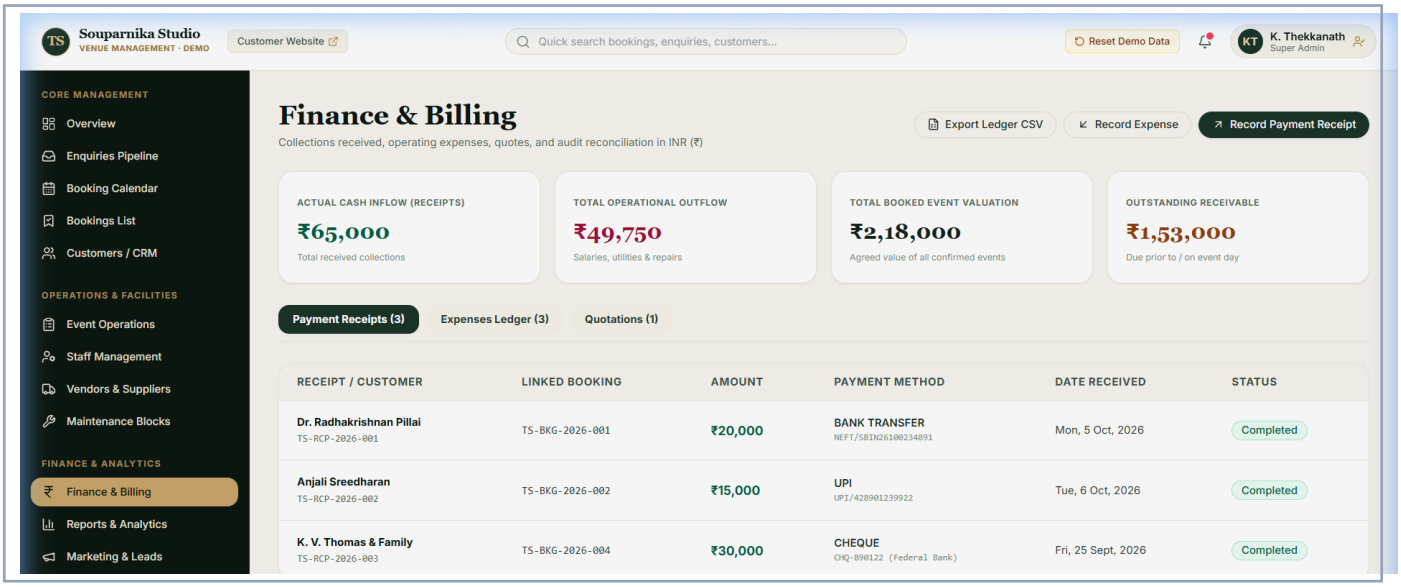

[PRO TIP FOR OWNERS] Summer AC Pre-Cooling
During hot Thrissur summer months (March–May), always pre-cool the Stage Hall a full **1 hour before guests enter**. A pre-cooled hall maintains a comfortable 22°C even when filled with 300 guests!

Chapter 7: Finance, Billing & Counter Payments

Tracking Cash Collections, 0% Fee UPI QR Codes & Tax Exports

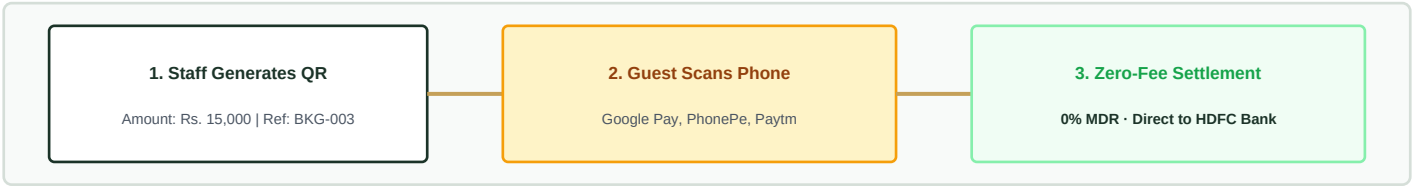

1. The Finance Dashboard & Ledger (/admin/finance)

Maintain total financial control. Track advances, balances due, operational expenses, and net profit with zero discrepancies:

2. Zero-Fee Dynamic UPI QR Codes for Counter Payments

When clients visit the venue office to pay their advance token, you do not need an expensive card swiping machine or payment gateway:

3. Step-by-Step Payment & Accounting Actions

Action	Exact Button to Click	What It Does for You
Record Advance	Click **'Record Payment Receipt'** in Finance.	Logs advance amount against the booking; updates customer balance due automatically.
Log Venue Expense	Click **'Log Operational Expense'** in Finance.	Records daily costs (diesel, electricity bill, casual labour) to compute net profitability.
Export for CA / Tax	Click **'Export Financial Ledger (CSV)'**.	Downloads complete transaction spreadsheet formatted for your Chartered Accountant.

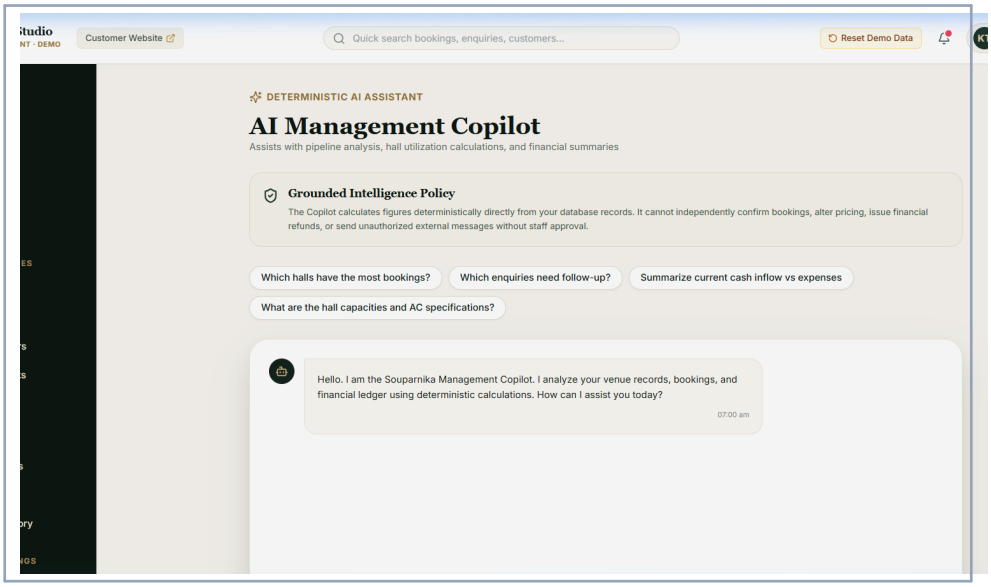

[IMPORTANT SAFEGUARD] 0% Payment Gateway MDR Savings
Traditional online card gateways charge 2% to 3% fees. On a Rs. 50,000 wedding booking, that loses you Rs. 1,500 per event! Using the built-in dynamic UPI QR costs **Rs. 0 in fees**—100% of the money stays in your account.

Chapter 8: Grounded AI Copilot & System Settings

Your 24/7 Intelligent Venue Assistant & Configuration Settings

1. The Grounded AI Management Copilot (/admin/ai)

The system includes an intelligent assistant that understands your auditorium records. Ask plain-English questions:

Sample Question You Can Type or Speak	What the AI Instantly Answers
'What is our total revenue collected this month?'	Sums all cash, UPI, and bank receipts; computes outstanding balances.
'Are there any booking conflicts for next Sunday?'	Scans Stage Hall, Welcome Hall, and Dining Hall for overlapping reservations.
'Draft a courteous WhatsApp message confirming booking TS-2026-003.'	Creates polite, professional Malayalam or English message ready to copy & paste.
'What are the acoustic considerations for Open Hall?'	Summarizes ceiling fan noise, open cross-breeze, and speaker placement guidelines.

2. Venue Settings & Security Audit Trail (/admin/settings & /admin/audit)

VENUE SETTINGS (/admin/settings):

- **Contact Info:** Update phone numbers (+91 8129764370) and email anytime.
- **Base Rental Rates:** Adjust seasonal pricing for Stage Hall, Dining Hall, and packages.
- **Bank Settlement:** Configure current account details and official UPI VPA for receipts.

AUDIT SECURITY LOG (/admin/audit):

- **Tamper-Proof Records:** Every payment recorded, booking cancelled, or setting changed is saved with staff name and exact timestamp.
- **Complete Accountability:** Eliminates disputes regarding who took an advance or edited dates.

[HOW IT WORKS] Data Privacy & Security

All venue records, host telephone numbers, and financial receipts are stored in an encrypted database. Backups occur automatically every day—your data is 100% secure.

Chapter 9: Owner's Daily Routine & Quick Reference

The 5-Minute Morning Routine, Common Scenarios & Emergency Support

1. The 5-Minute Daily Routine for Venue Owners

Follow this simple 4-step checklist every morning to maintain complete operational control:

Time	Daily Morning Action Item	Where to Look	Status
09:00 AM	**Review Inbound Enquiries:** Check for new web leads. Tap WhatsApp to greet prospects.	/admin/enquiries	[ ] Done
09:30 AM	**Verify Today's Function:** Ensure AC pre-cooling, audio mics, and dressing rooms are ready.	/admin/operations	[ ] Done
12:00 PM	**Check Expiring Holds:** Follow up on 48-hr tentative holds to collect token advance.	/admin/bookings	[ ] Done
05:00 PM	**Reconcile Daily Cash:** Confirm cash drawer matches the receipts logged in Finance.	/admin/finance	[ ] Done

2. Common Real-World Scenarios FAQ

Q: What if a client calls to postpone their wedding to a new date?
A: Open /admin/bookings, click on their booking card, and select the new date. The conflict engine will verify availability. If the new date is clear, click Save—the old date is automatically freed up for other clients!

Q: Can I use this software on my Android phone or iPhone?
A: Absolutely! Open Chrome or Safari on your phone, visit the website, and log into /admin. The entire interface rearranges into a mobile-friendly view.

Q: What if our office internet temporarily disconnects?
A: The system runs on high-speed cloud infrastructure. You can immediately open the admin panel on your mobile phone via cellular 4G/5G data with zero downtime.

3. Venue Credentials & Technical Support Protocol

THEKKANATH SOUPARNIKA AUDITORIUM & EVENTS VENUE
- **Address:** Nellikunnu, Thrissur, Kerala — 680005 (PWD Road Access, 40–50 Car Parking)
- **Official Telephone:** +91 8129764370 | **Email:** thekkanathsouparnika@gmail.com
- **Application Deployment:** Hosted on High-Speed Edge CDN with Automated Daily Database Snapshots

Keep this manual printed in the venue management office for quick staff reference and training.
